20 May 2023

Introduction

Simply put, HOKO is a project for the community. More than 85% of Tokens will be distributed to all users via fair launch and airdrop. All funds that HOKO fair launch will be put into the liquidity fund and locked within 365 days.

The HOKO team only keeps 15% to operate and do marketing programs. We hope to build a cohesive, strong and passionate community. Everyone will turn HOKO into a great collective not only in Hong Kong but also around the world.

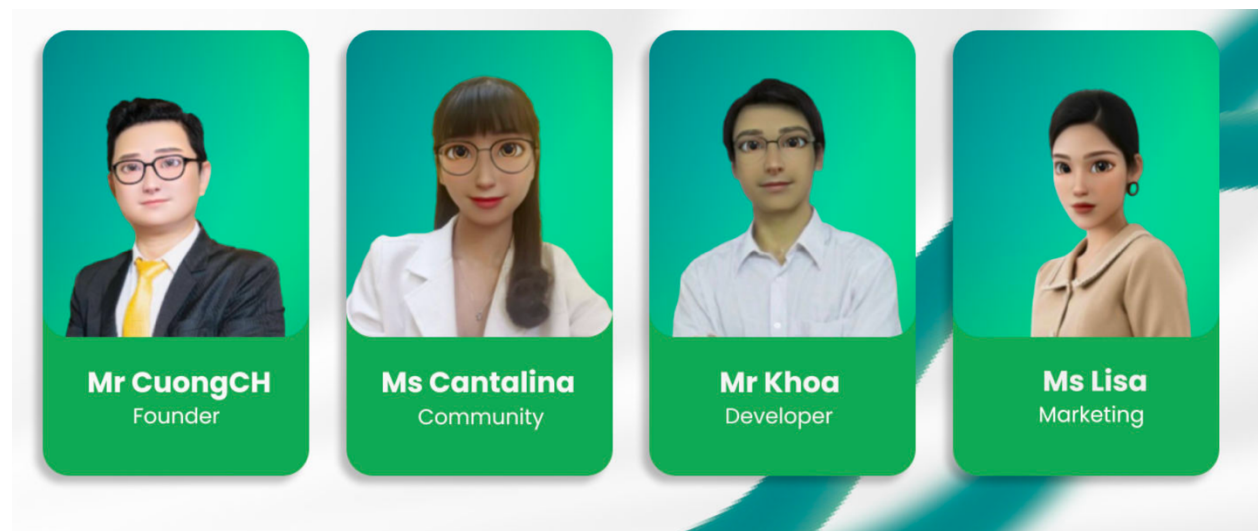

What is HOKO ?

On June 1, 2023, the Hong Kong government will officially consolidate the cryptocurrency trading business in Hong Kong, recognizing companies operating in this field.

Therefore, HOKO is at the forefront of the trend and develops in the right direction.

HOKO is not only an exchange token in the community but also a provider of blockchain technology solutions to the market. HOKO focuses on research on application of AI, NFT and Blockchain lot ... to apply them in real life.
